RIDE FUN IS GUARANTEED WITH THESE MODELS

If you want to rent a scooter in Novo Sancti Petri, you've come to the right place. The modern Vespas with fully automatic transmission and 125cc displacement are powerful enough for two adults to ride comfortably through Novo Sancti Petri. The difficult parking situation in the cities is a big disadvantage: beaches with expensive private parking lots, paid parking everywhere in the city, etc. You can forget all that when you ride our Vespa. Stay flexible and enjoy your vacation without the stress of looking for a parking space!
